SCHOOL IS OUT.

Hondo High School closed the
1939-1940 term with graduating ex-
ercises at the Stadium on Barry
Field Tuesday night. In many ways,
it was among the most successful
terms in the history of the school,
and set two new records in that
there were thirty-four graduates and
among the number three young peo-
ple from the same family, the Lacy
twins and their sister. The largest
class to graduate heretofore was
thirty-two.

The threatened suspension of the
affiliation credits having been satis-
factorily adjusted with the state
Board of Education, the young peo-
ple are eligible to enter any accredi-
tated college in the state on the merits
of their scholarship.

Baccalaureate Services.

As announced in last week's Anvil
Herald, the baccalaureate services
were held at the High School Audi-
torium at 5 P. M. Sunday afternoon.
The commodious hall was comfort-
ably filled with an attentive audi-
ence, and the graduates made an im-
pressive scene as they filed down the
center aisle, and took their position
as the processional was played.

Rev. W. S. Highsmith, pastor of
the Hondo Methodist church, delivered
the invocation, and the Glee Club,
under the direction of Mrs. C. D.
Sadler, sang an anthem. Then fol-
lowed Nevin's "The Rosary", sung by
Henry Martin Finger and accompa-
nied in a violin obligato by Miss Mar-
garet Ann Knopp.

An appropriate scripture lesson
was read by Rev. Paul Czerkus, pas-
tor of the Hondo Lutheran church.
This was followed by Miss Knopp in
another violin selection from Kreis-
ler's "The Old Refrain".

Taking for the subject of his ser-
mon, "Putting First Things First",
Rev. Frank M. Taylor, pastor of Har-
landale Presbyterian church of San
Antonio, stressed the importance of
a clear understanding of true values,
wise and correct judgment in selec-
tion, and a determined enlightened
will to do the right. The speaker took
occasion to compliment the liberal
spirit of the school and community
as manifested by the presence of
three of the local pastors on the pro-
gram.

The Glee Club favored the audi-
ence with another anthem; Rev. I. V.
Garrison, pastor of the Hondo Bap-
tist church, invoked the benediction,
and the class filed out of the build-
ing to the strains of the recessional,
and were followed by the audience.

Graduation.

The graduation exercises were held
on an improvised platform in front
of the grand stand on Barry field in
the open air at 8 P. M., Tuesday
evening. There was a large crowd
present.

With Mrs. Sadler at the piano,
the graduating class with certain
members of the faculty and school
board, and the speaker of the even-
ing marched down the field from the
northwest entrance to the speaker's
stand and took their places.

As salutatorian, Arthur Lacy wel-
comed the audience to the occasion;
Miss Knopp rendered a violin selec-
tion from Estrellita by Manuel
Ponce; and Miss Judy Lacy delivered
the valedictory. Both of these ad-
dresses follow below.

Supt. J. G. Barry introduced the
speaker of the evening, Dr. W. W.
Jackson, president of the San An-
tonio University, who for some thirty
minutes kept the large audience en-
tertained while at the same time de-
livering an address filled with whole-
some thought and timely admonition.

He closed with a plea to the
young people to have faith in them-
selves, faith in their country, faith in
their fellow man, and faith in God.

With a few appropriate remarks,
Dr. H. J. Meyer, president of the
Board of Trustees, presented the
graduates with their diplomas, and
Professor Barry presented several
scholarship awards to the honor
graduates, and certificates of merit
for outstanding achievements in
athletics.

The audience stood with the gradu-
ates while all sang the school's
theme song "For Hondo's Honor and
Glory" and the 1939-1940 term of
Hondo High School passed into history.

Most of the teachers employed
from out of town left Wednesday
for their respective homes elsewhere.

SALUTATORY

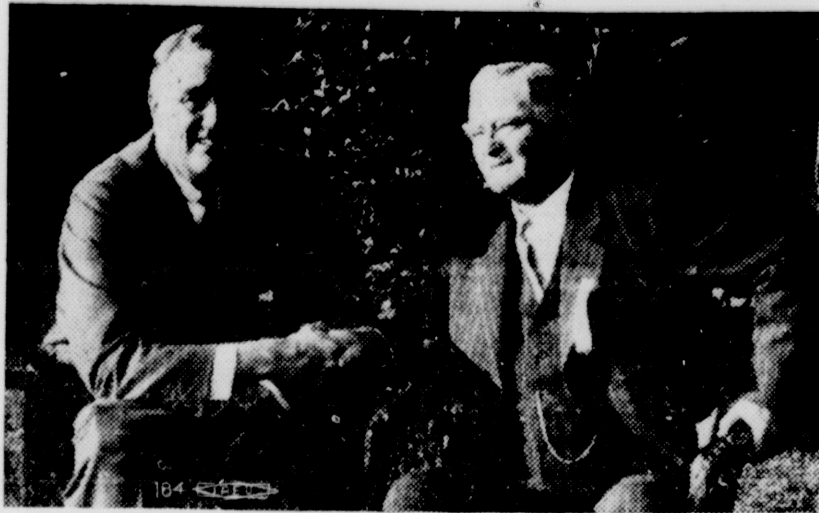

By Arthur Lacy

Parents and friends:
I am very happy that I am the one
to bid you welcome. I am happy be-
cause I do want you to feel that we,
the class, are glad to have you here.
Without your guidance and friend-
ship during the past years I feel that
this moment, such a glorious one to
us, would not have the meaning and
significance that it holds for us now.
If at times we have been rather try-
ing, we hope that you will forgive us
and send us into the next school,
the school of experience for some
and college for others, with the same
friendship and parental care that was
given us when we entered the first
grade.

Since entering school this Gradu-
ation Day has been our goal and we
have been successful. We hope to be
even more successful in the years to
come. Our training here at school
and at home has taught us many
things that will help us in our
future life.

We have been taught cooperation
with others. Cooperation is very
necessary in this troubled world of
ours today. One man cannot stand
alone. We have been taught how to
assemble knowledge and then to put

EYES OF TEXAS UPON THEM

Folks down at Uvalde, Texas, will see the above scene re-enacted soon. When the Presidential Special rolls out of Washington in June, carrying President Roosevelt on his western tour, one of its stops will be at the home of his long-time friend and able political ally, Vice President John N. Garner.

For nearly eight years these Democratic leaders have worked to-
gether in the cause of political liberalism, and as the President's tradi-
tional second term draws to a close, the Vice President is being widely
acclaimed as his most logical successor.

The announcement of the projected visit to Uvalde was made the
day following the county conventions in Texas on May 7, and is being
generally interpreted by political observers as expressing the Presi-
dent's gratification that the Lone Star State gave a ringing endorsement
to the presidential candidacy of its distinguished native son. Texans
adopted resolutions approving the Roosevelt-Garner administration,
and endorsed Garner for the Presidency by a vote of 6 to 1 over
proponents of a third term.

the knowledge into use. We have
been taught leadership as we are
now to be the leaders of the future.
Besides the above mentioned, many
subjects such as Languages, Math,
Vocational subjects, Sciences, and
Commercial work have been taught
us. These have been taught to pre-
pare us for our vocation in life.

However, knowledge is not all that
matters in this world. There are
two things that we must acquire for
ourselves and they are wisdom and
right thinking. Wisdom can be
gained only through contacts and ex-
perience, and right thinking must be
cultivated by the individual. I hope
that all of us possess these qualities
and use them to their fullest advan-
tage.

In closing may I say again that we
are very happy to have you here at
our Commencement exercises and
hope that you enjoy them.

VALEDICTORY

By Judy Lacy

I would like to express the appre-
ciation of this graduating class to
our school, teachers, tax-payers, and
parents for all that has made it pos-
sible for us to advance thus far.

I wonder if we, as graduates fac-
ing a new era of life, realize our
good fortune in graduating from
high school not in a nation torn with
strife and blood, but into one that re-
mains as a haven of peace and se-
curity in this war-torn world? We
are indeed fortunate that our high
school days have been days filled
with happiness, the joy of living and
learning, with as our goal, the gra-
duation into a fuller and better way
of living. Here in democratic Ameri-
ca we have the freedom of choice.

If there is will to do it, it is our
opportunity to gain success. In high
school we have not learned to carry
a gun and to shoot straight. We have
learned to develop our personality.
We have been given a foundation on
which to build a happy, normal life.

We will not be dictated to, for as I
have said we have the freedom of
choosing our profession. Among
these boys and girls will be lawyers,
perhaps renowned musicians or doc-
tors, farmers or ranchers.

America has given us our heritage:
the right of life, liberty, and the pur-
suit of happiness. We owe a debt
to her—to repay for our educational

facilities, for our freedom of speech,
most of all for our freedom of re-
ligion. As we look ahead into our
life, we have been prone in our more
selfish moments to ask the question,
"What does life in America owe us?"
Better to ask, "What do we owe
America?"

It is up to us graduates to repay
our country by endeavoring to make
a success of our lives, to be honest,
religious, industrious citizens in this
great democracy we live in.

SEMI-ANNUAL STREET DANCE SUCCESS.

The Hondo Volunteer Fire De-
partment is greatly pleased at the
generous response of the public
which it serves to the semi-annual
street dance and carnival held in
Hondo last Saturday night. Despite
threatening weather a large crowd
gathered and the entertainment fea-
tures and dancing held out until 12-
30 A. M. as scheduled.

Financially as well as socially the
benefit celebration was a success.
Total receipts amounted to \$406.51
with a few ticket sales not yet re-
ported to the treasurer at this time.
This total included \$198.50 dance
receipts; keno, \$131.05; coffee
wheel, \$52.26; and ball rack, \$24.70.
Expenses totaled \$108.51 and in-
cluded the following: orchestra, etc.,
\$35.56; coffee, \$27.00; advertising
and publicity, \$29.75; meal for
dance floor, \$6.25; cash prize \$10.00.
So far reported, net receipts from
this dance and carnival amount to
\$298.00, but will probably be over
\$300.00 when all receipts are turned
in. Compared to the net receipts of
\$262.34 in September, 1939, this
celebration shows a favorable in-
crease and that each year the Fire-
men's dance and carnival is growing
in popularity.

Music for the dance was furnished
by Buddy Hartman's Rambling Buck-
aroos of Hondo and was well re-
ceived by both dancers and onlook-
ers. At 10:30 P. M. three attendance
prizes were awarded as follows:
first, \$10.00 cash, donated by the
Fire Department, to Preston Gainer;
second, waffle iron, donated by Wal-
ter Case, to Mr. Jackson of San An-
tonio; and third, lawn mower, don-
ated by Homer Wilson, to Jack Ul-
brich Jr. Valuable premiums for the
keno stand were also donated by
local merchants and business men.

The proceeds of the celebration
will be used for the improvement of
the fire company's facilities, and the
firemen are deeply grateful for the
sizeable amount to be added to the
company's funds.

REVIVAL SERVICES AT FIRST BAPTIST CHURCH.

Beginning Sunday, May 26th, Rev.
J. C. Watkins of Pearsall will lead
the local Baptist Church in a revival.
Reverend Watkins is a splendid
speaker, and possesses other good
qualities that enable him, with the
help of the Lord and cooperation of
the people, to be an unusually good
leader in revival services. He will
also be leader of the Booster Choir.
We feel that we are fortunate in
having Brother Watkins lead us in
this series of services.

Services will be held twice daily
except on Saturday when only the
evening service will be held. The
hours of service on week days will be
10:00 A. M. and 8:00 P. M.; on Sun-
days 11:00 A. M. and 8:00 P. M.

These services are for all people
who will come regardless of religious
beliefs or church affiliations. We
earnestly desire that this series of
services will be a real spiritual ben-
efit to all of God's people in this com-
munity. Come and bring your family
and friends to every service possible.
IRA V. GARRISON, Pastor.

SCHOLASTIC CENSUS MADE.

The County Superintendent's of-
fice furnished us with the following
figures in a summary of the scholastic
census of Medina County:

The grand total number of schol-
astics 6 to 17 years of age, inclusive,
white and negro, is 4126. Of this
number 4061 are white, including
Mexicans, and are divided thus: male,
2096; female, 1965. There are 65
negroes, of which there are 36 male
and 29 female.

The largest number of scholastics,
375, is found in the age group of 15
years. The smallest number is found
in the 17 years of age group and is
310.

AN APPRECIATION.

We wish to publicly thank every
one who in any way aided in the suc-
cess of our street dance and carnival,
especially those who donated prizes,
those who assisted with preparations,
and those who by their presence
made it the best attendance of all
time. Your generous patronage will
render the fire company better able
to protect your property from
loss by fire.

REFORMERS

By Clayton Rand

The trouble with the reformers
is their impertinence and im-
patience. They try to revolu-
tionize the world over night.

It took thousands of years to
abolish slavery, and it still
exists in remote places. It took
many centuries of agitation to
enfranchise women, and yet they
are little more than chattels in
less enlightened parts of the
world.

Less than one hundred and fifty
years ago Blackstone stated in
his Commentaries that under
the laws of England a man had
the same right to chastise a dis-
obedient wife as he had to whip
a stubborn child. Now such a
man is called a wife-beater.

These daffy ones who try to do
the world over in a few years
forget that Christianity is near-
ly 2,000 years old, and there are
still those who would cry "Crucify
him!" if he came back.

THE PRIME DIDN'T TAKE

The so-called "economy drive" in
Congress, as the cynics expected, has
shot its feeble bolt. The gentlemen
of Capitol Hill are attempting to out-
do each other in spending the tax-
payers' money. For this is a general
election year, and it is popular politi-
cal belief that money makes the mare
go when it comes to getting votes.

That may be practical sounding
politics, but it is a suicidal economic
doctrine. At the moment, the na-
tion is only about \$2,500,000,000
short of reaching the present fed-
eral debt limit of \$45,000,000,000.
In other words, as a people, we are
some \$42,500,000,000 in the hole—
and that doesn't include federal
guaranteed obligations, which run in-
to several billions more. The bulk
of that debt has been created since
depression started, despite the high-
est peace-time taxes in our history.
We've primed the pump until the
golden flood ran over—but the prime
didn't take. It is obvious to anyone
that recovery has not been produced.
It is equally obvious that business is
more worried about the future now
than it was ten years ago. It is ob-
vious that little or no dent has been
made in the total of the unemployed.
It is obvious that government farm
relief, which has cost an incredible
sum, has been practically a flop.

And still Congress goes on spend-
ing in the same old way. The Treas-
ury still pays out close to two dollars
for every dollar taken in, charging
the unpaid balance to the debt. And
the outlook for a sane and solvent
future becomes steadily more bleak.

There is a cure for this—a cure
that can come only from the people.
When the voters are no longer en-
ticed by lavish deficit-spending—
when they stop looking to Washing-
ton as the source of all financial
blessings—when they turn back to
local self-government and self-rule,
as against federal paternalism—
when they let it be decisively known
that they are weary of having their
elected representatives spend them
and their children and their child-
ren's children into potential bank-
ruptcy—there will be a reduction of
government expenses. And it won't
happen until then.—Industrial News
Review.

I SEE BY THE PAPER

Of what value is a newspaper?
The Fairport, New York, Herald-
Mail left nothing to guesswork in
answering that question by sending
a questionnaire to a representative
cross-section of its subscribers. The
paper is a weekly, some of the an-
swers would apply to weekly news-
papers in this section of the country.

The poll, sent to both city and
rural subscribers, shows:
The weekly newspaper remains in
the home of the average subscriber
for 10 days and each copy is read by
an average of over four people.

Fifty percent read page one first;
40 percent read "locals" or personals
first.

One hundred percent said they
read classified ads.

Fifty-nine percent do not read
handbills and throw away sheets left
on their porches.

News sent by rural correspondents
is of interest of 70 percent of the
readers. Ninety-five percent want
local pictures on page one.

Suggestions for improvement
were: more local news, recipes, local
history.

The poll shows that regardless of
the size of an outside paper, news
can replace the "hometown sheet".

OWLS RETURN FROM STATE TOURNAMENT

The Hondo Owls lost their state baseball championship last week at Dallas by losing the opening game, but in spite of the fact, they made an excellent showing. The opening game was lost to McKinney, 1 to 0 in twelve innings. Allen Bogan, sports writer for the Dallas Journal, had this to say about the game:

"The classiest high school baseball game I have ever seen was McKinney's 1 to 0 triumph over the defending Champion Hondo Owls in the lid-blast of the state tournament at Rebel Field Thursday. The pitching of McKinney and Clinton Hartung of Hondo, both of whom appear as giants alongside their small teammates, was exceptionally steady for high school hurlers, while their mates backed them up with almost flawless baseball innings after innings."

The Owls got four solid singles and one infield scratch hit off Wafer, while the McKinney boys got one solid single and two infield scratches off Hartung. Rival coaches, sports scribes, and big league scouts who were in the stands, admitted that the Owls had the best team in the state.

After losing the opening game, the somewhat listless Owls beat out the Valley champion, Pharr-San Juan-Alamo, in the first consolation game, 7 to 4. Holloway yielded five hits, while the Owls got ten off Coley. Rain prevented further play in the consolation finals.

McKinney went on to lose the final game to Forest High of Dallas, 5 to 4. Wafer, though given plenty of rest, walked eight men in seven innings in the final game. He walked only two in the Hondo game, while Hartung walked none.

On the way home from Dallas, the school bus developed motor trouble at Round Rock, and the Owls came on to San Antonio by Greyhound bus. They were picked up there by friends and brought on home.

As we go to press, the members of the all-State baseball team have not been announced.

FUNERAL SERVICES FOR LOU E. HEATH

Funeral services were held for the late Lou E. Heath at 3 o'clock P. M. Friday, May 17, 1940, at the Horgor funeral home. Rev. L. V. Garrison, pastor of the Hondo Baptist church, conducted the funeral services. He was assisted by Rev. W. S. Highsmith, pastor of the Hondo Methodist church. At the services at the funeral home, the ladies choir of the Baptist Church sang "Abide With Me" and "Does Jesus Care", with Mrs. Selby Woolls piano accompanist.

Mrs. R. W. Gaines sang "Sometime We'll Understand", with violin obligato by Miss Margaret Ann Knopp. One of the largest crowds ever assembled for a funeral in Hondo gathered to pay their last respects to a long-time neighbor and friend and popular public official. There were numerous people from all over the county and others from numerous more distant points. It would be a hopeless task to attempt personal mention of those here for the funeral.

Burial was made in the Heath burial plat in Oakwood cemetery and his last resting place banked with a profusion of beautiful flowers, friends' last tributes to one whom they sincerely mourn.

Mr. Heath was a member of the W. O. W., the M. W. of A., the Herman Sons, and was a member of the Board of Directors of the Home Relief Society of Medina County. He had served the county for almost thirty-eight consecutive years as an official and had come to seem like an integral part of the courthouse. He will long be missed by those having business at the county's capitol.

MISS CARRIE WIPFF DEAD

Miss Carrie Wipff, teacher in the San Antonio public schools 15 years, died at her home, 207 Loretta Place, San Antonio, Monday morning, May 20, 1940, after an illness of four months. Miss Wipff was teaching at Herff Elementary School prior to her illness which resulted in her death. She was born and reared near Devine and graduated from the Devine High School in 1911. She received her teacher training education at Southwestern State Teachers College, San Marcos, and at Incarnate Word College. She taught in D'Hanis before coming to the San Antonio schools.

An active member of the McKinley Avenue Methodist church, Miss Wipff had served as supervisor of the junior department of the Sunday School there up to her illness.

She leaves her mother, Mrs. Hedwig Wipff, and a sister, Mrs. Fred Bonner, both of San Antonio. She was a niece of Mrs. Jacob Reilly of Hondo. Funeral services were held in San Antonio Tuesday.

THE WORTH OF LITTLE THINGS.

A flower new sprung from the seed To careless eyes is but a weed. Ears tuned to gossip never heard The music of a mocking-bird.

I cannot estimate the cost Of all the happiness I've lost.

—ROBERT LEE BROTHERS.

Thirty-five carloads of Texas eggs went to market during February. In February, 1939, only eighteen cars moved. Shipments of chickens, however, sank 31 per cent below February, 1939, totaling only 38 cars, while turkey movement remained the same—seven cars.

Sheep eat silage, too, especially if
it's sweet sorghum, is the finding of
Richard Klappenbach Jr., near John-
son City (Blanco county). He had
a layer of hegari sandwiched be-
tween layers of sweet sorghum in
his silo. The sheep disdained the he-
gari and went directly to the cane
silage every time. Hegari seems
to be too coarse to be relished by
sheep. The value of cane as a sheep
feed is important since the govern-
ment allows farmers to grow cane on
the acreage set aside for soil conserv-
ing crops not growing a depleting
crop.

THE BEST NEWS.

There is good news and bad news
—and just now, in the dailies, at
least—bad news predominates. This
paper tries to feature the good in
preference to the bad. And always
among the "good" there is a "best".
To the thrift-wise, those who study
to make their money go as far as
possible, the "best" news in their
paper is contained in the two page
spread in the middle of this paper.
Mr. James of the Green Tag pre-
fers to share his losses with his cus-

CARD OF THANKS

To the many friends of our late
husband and father, Lou E. Heath,
for their many acts of kindness,
their generous gifts of flowers and
their gracious words of condolence
and sympathy, our hearts go out in
sincerest gratitude. Though bowed
by an irreparable loss our grief and
sorrow is comforted by your many
kindnesses, and they shall be ever
appreciated.
Yours in sorrow,
MRS. LOU E. HEATH

CARD OF THANKS

We take this means of expressing
our heartfelt thanks to all our neigh-
bors and friends who in one way or
the other extended sympathy to us
in the sudden death of our father,
son, and brother, the late John H.
Heyen Sr., and Rev. Czerkus for the
sermon and for the songs rendered
and for the beautiful flower offer-
ings. We assure you any act of
kindness is greatly appreciated by
THE HEYEN FAMILY.

CARD OF THANKS

We wish to thank our many
friends for their help, words of sym-
pathy, kindness and beautiful floral
offerings during our sad bereave-
ment.

M. A. Falkenberg, San Antonio.

COURTESY EXTENDED MISS RUBY TSCHIRHART

Miss Ruby Tschirhart, bride-elect of the month, was complimented with a well-appointed miscellaneous shower from two to five o'clock, Sunday, May 19, at St. Louis Hall.

The honoree entered the hall to the strains of "Lohengrin" played by Miss Frances Biry and T. J. Wernette at the piano.

The curtain rose to a lovely setting of a blue and white interior of a bakery shop. Fixtures typical of a bakery were artistically covered with blue and white crepe paper. Potted pink geraniums were effectively placed on the stage and vantage places in the hall. Blue crepe paper and pink geraniums decorated the piano.

The honoree's seat of honor on the stage was placed near the "make-believe" counter and a large basket of tiny white flowers and fern tied with a blue ribbon. A small wagon, drawn by Lynn Jerome Tschirhart, representing a baker, and his assistant, Vivian Tschirhart, delivered the gifts to the bride-to-be.

Miss Tschirhart was assisted in unwrapping the gifts by her sisters, Mrs. Ernest Adam and Miss Bernice Tschirhart.

T. J. Wernette and Frances Biry entertained the guests with several musical selections at intervals during the afternoon. T. J. Wernette sang two very popular numbers, "Little Sir Echo" and "South of the Border."

After viewing the beautiful gifts, a lunch of chicken sandwiches, potato chips, olives, light and dark cake and spiced tea was served. The blue and white color scheme predominated in the table appointments. Blue and white mints served as plate favors.

The honoree wore a lovely rose-mist afternoon frock, with white accessories and an orchid on her shoulder. About one hundred and fifteen guests registered in the hand-painted bride's book in charge of Mrs. George Muenink of Hondo.

TSCHIRHART-MANGOLD

The marriage of Miss Ruby Tschirhart, daughter of Mr. and Mrs. Robert Tschirhart, and Aaron Mangold, son of Mr. and Mrs. Joe Mangold, was solemnized in St. Louis Church with Rev. Dean J. Lenzen officiating.

Vases of pink and white oleanders, potted fern and tall candelabra holding white tapers stood on the high and side altars.

Alfred Schmitt, at the organ, played the traditional wedding music.

The bride was given in marriage by her father. She wore a traveling frock of navy blue with white accessories, a corsage of white carnations and carried a prayer book and rosary.

Dan Mangold was the bridegroom's best man.

A wedding breakfast in the home of the bride's parents followed the ceremony.

In the afternoon, the young couple left on a honeymoon trip to Monterey, Mexico.

They will make their home in Castroville where the bridegroom is employed at the Blue Bonnet Bakery.

ZION'S LUTHERAN CHURCH

Sunday, May 26, 1940.

You and yours are most cordially invited to attend any and all services of the Zion's Lutheran Church. Our aim is to make every part of our church program and service to be profitable in every respect and thus help you in your religious life.

The church with a welcome.

A. H. FALKENBERG, Pastor.

IN MEMORIAM

Our deceased friend, Mrs. Theresa Lena Hummel, a loving daughter of Mr. and Mrs. Matthias Fuos, was born Sep. 11, 1862, at Castroville, Medina County, Texas. On September 20, 1862—9 days after her birth, her pious parents had her baptized in the Lutheran faith, by her Pastor, the Rev. Chris. Fischer, where she became a child of God. Here at Castroville she spent her happy childhood and school-days. After receiving a thorough instruction in God's precious word, she was confirmed by her beloved Pastor—Rev. Gottfried Jordan, on April 9, 1876, in the Castroville Lutheran Church.

On March 5, 1884, she was married to Mr. Otto Heusinger by the Rev. Wm. Pfennig. This happy couple lived on a farm near Rio Medina. God blessed this union with one loving daughter, namely Mrs. A. C. Wurzbach. On June 30th, 1885, Mother Hummel's first husband died, leaving his bereaved wife and little seven month old daughter, Clara, to mourn his death. After the death of her husband Mrs. Heusinger and little daughter made their home with Mr. and Mrs. Friedrich Tuerpe, stepfather and mother of her deceased husband, Mr. Otto Heusinger. Here they lived until Sept. 18, 1888, when she was married to Rev. William Hummel, pastor of the Zion's Lutheran Church of Castroville, here she lived in the Lutheran parsonage as a faithful pastor's wife and co-worker with her husband for 11 years, after which Rev. Hummel accepted a call to Granton, Wisconsin, where they remained nearly 3 years. Then they moved back to Texas and Rev. Hummel accepted a call to Elm Creek, remaining there a little over one year. Here Rev. Hummel's health began failing so rapidly, that he was forced to give up the ministry and move to his wife's parents, at Castroville. His death occurred one week after arriving at the home of his father and mother-in-law. Mrs. Hummel and her daughter made their home with Father and Mother Fuos until Sep. 28, 1904, when her daughter, Miss Clara, became the bride of Mr. A. C. Wurzbach. Rev. Roth was the officiating pastor. Since the marriage of her daughter Mother Hummel lived with her children, Mr. and Mrs. A. C. Wurzbach, near Cliff. Mrs. Hummel was a devout Christian. She attended divine service regularly and took an active part in the Lutheran Ladies' Aid Society as long as her health and strength permitted. Our deceased friend always enjoyed good health until several months ago when her health began failing and she sank quite rapidly. Last Wednesday, May 8, her Dr. and Pastor were called to her home, upon her Doctor's advice they moved her to her sister's home, Miss Emma Fuos in Castroville, in order to be nearer her doctor. Her kind daughter and son-in-law, Mr. and Mrs. A. C. Wurzbach, did every thing possible for her, also the good grandchildren and brothers and sisters left nothing undone for her comfort and care. They naturally wanted Grandmother to get well but God in His great wisdom and mercy willed it otherwise.

She went to sleep Monday, May 13, 1940, at 11:20 A. M. in the same home where she was born 77 years ago. She leaves to mourn her beloved daughter and son-in-law, Mr. and Mrs. A. C. Wurzbach, five grand children, namely, Mr. and Mrs. Harry Bongers, Mr. and Mrs. C. C. Bippert, Mr. and Mrs. Theo. Wurzbach, Miss Tusnela and Erna Wurzbach, 7 great grandchildren, 6 boys and 1 girl. She also leaves 4 brothers, Mr. Louis Fuos of Castroville, Mr. Carl Fuos of Mexico, Mr. Henry and Willie Fuos of Castroville, 2 sisters, Miss Emma Fuos of Castroville and Mrs. John Stricker of San Antonio, and many, many other relatives and true friends. One brother, Adolph, died June 19, 1913, in Mexico. Her father, Mr. Matthias Fuos, died July 1, 1913, and her mother, Mrs. Elizabeth Fuos, died August 10, 1923. She reached the biblical age of 77 years, 8 months and 2 days. May she rest in peace.

Funeral services were held from the Tondre Funeral Home, on Wednesday, May 15, beginning at 10 A. M. and continuing in Zion's Lutheran Church with interment in the old Castroville Lutheran Cemetery, Rev. A. H. Falkenberg, her pastor, officiating. Pallbearers were: Messrs. A. F. Bippert, H. J. Reus, Judge H. E. Haass, John Bippert, Wm. Santleben and August Bongers.

CASTROVILLE TEACHER ACCEPTS D'HANIS POSITION

Castroville, Texas, May 21.—Miss Eleanor Mae Lindstrom, the second and third grade teacher of Castroville Public School of the 1939-40 term, has tendered her resignation to the local school board which is effective on May 24, 1940, and has accepted an elementary teaching position in the D'Hanis Public School

system. Miss Lindstrom has been very popular and effective as a teacher in the one year she has been in the Castroville Public School system.

REPTILE EGGS UNEARTHED IN SCHOOL CAGE

Castroville, Texas, May 21.—The Castroville Public School's biology teacher, Miss Alberta Besch, has been cleaning her biology room of surplus materials before vacation starts, and on freeing the many species of turtles, lizards and other reptiles she found hidden under sand a large lot of reptile eggs. They were true to type, leathery, and somewhat advanced in their stage of incubation. Miss Besch now seems to be in a quandary as to what to do with them.

CASTROVILLE PUBLIC SCHOOL TO HOLD GRADUATION SERVICES FRIDAY

Castroville, Texas, May 20.—The Castroville public high school will hold its graduation exercises this Friday (May 24, 1940) in the public school auditorium at 8:00 P. M. The Baccalaureate services have been dispensed with. This year's class that graduates has the following members: Darlene Bippert, Otelia Sittre, Stanley and Sterley Jagge, Henry Tschirhart, Richard Schott and Henry Schott Jr.

JUDGE RAYMOND GERHART TO SPEAK AT CASTROVILLE

Castroville, Texas, May 21.—Judge Raymond Gerhart, prominent business man and Justice of Peace in San Antonio, will give the graduation address to the Castroville Public School Friday, 8 P. M.

CASTROVILLE COMMENTS

Sanitation Project
The Federal sanitation project for Medina County has moved into Castroville, set up headquarters, and has been serving both the rural and city folk from this point. Castroville's Chamber of Commerce was mainly responsible for getting them to locate here and we are glad they are here. They spend money here, do lots of good, and use quite a few Castrovillians who otherwise would be out of a job.

The idea of this sanitation project is to build odorless outdoor toilets if you furnish the small amount of lumber, nails, and concrete that is needed. These are made according to state approved sanitation principles to check flies that scatter disease germs. If everybody had one of these on their premises it would bring the typhoid and many other diseases down to a minimum.

School's Out
The children of the Castroville Public School will check in their books and receive their report cards Friday, May 24, at 2:30 P. M. Some will have regular employment all summer while others will be idle most of the time.

—CONTRIBUTED.
HIGHWAY IMPROVEMENTS CONTINUE

In the immediate vicinity of Hondo, improvements are being made on the highway and farm-to-market roads. This week a crew of workers started leveling the block of unpaved Highway 90 on South Front street. This block, extending from the corners governed by the two traffic signal lights, is to be paved from the railroad park to the present pavement and a fence is to be built just inside the park line. The work will probably be completed by next week.

Just west of Hondo, the curves in Highway 90 from the Reitzler property to the Batot place, are being flattened, and the shoulders rebuilt and widened.

Work on grading and graveling of the Hondo-Tarpley road from the Schlentz place to the County line is going forward rapidly under WPA labor, and in a short time an all-weather road will join the towns of Hondo and Tarpley and accommodate farmers and ranchers all along the route.

The new Hondo Creek bridge is rapidly nearing completion and should be ready for public use in about twenty days. Capt. A. Schlafli, assistant highway engineer of Medina County, has moved his headquarters from the County Judge's office here to the U. V. Haass Jr. property on the Medina River at Castroville. This move was made in preparation for work to begin on the new Castroville bridge, which is expected to get under way within twenty days.

The WPA project on the LaCoste-Castroville road is progressing satisfactorily, and watering and rolling of gravel has started. This road is to be paved, as a part of the allotment of bonds voted several months ago in that district.

Mr. Frank Maddox, State Highway Division Engineer, and Engineer Stocker, of San Antonio, were here on highway matters Wednesday and in a conversation with County Judge Arthur H. Rothe, expressed themselves well pleased with highway progress in Medina County.

SUB-DEBS HONOR SENIOR MEMBERS

Following Commencement exercises Tuesday night, May 21, the Sub-Deb Club entertained with a dance at the Hondo Hotel in honor of the members who graduated from Hondo High School that night. Hostesses were Misses Eloise Kolman, Norma Jane Bless, Novelle Lambert, Laura Lee Leinweber, Jonell Gaines, Mary Elizabeth Meyer, and the club sponsor, Miss Lucille Johnson. Honorees were Misses Mary Louise Haegelin, Mary Ann Noonan, Margaret Ann Knopp, Judy Lacy and Frances Ellen Woolls.

The ballroom was adorned with summer flowers and streamers of the club colors of maroon and blue hung from the lights. Punch was served throughout the evening.

The guests included the high school crowd and faculty members.

DANCE HONORS THREE GRADUATES

One of the large parties bringing to a close the festivities for the graduates of Hondo High School was the dance Monday night, May 20, given at their home on Rothe hill by Mr. and Mrs. Jack Lacy, honoring their daughter, Miss Judy Lacy, and their twin sons, Albert and Arthur Lacy. Moonlight and colored lights in the shrubbery and trees lent their charm and beauty to the scene of the dance which was held on the spacious white-pillared veranda. In fluffy dresses and with fragrant flowers in their hair, the girls at the dance were a decorative part of the background. Comfortable lawn furniture dotted the wide yard and at the end of the south walk, with illuminated shrubbery as a background, refreshments were served by two colored attendants.

Record music was used for the dancing, which included such old favorites as "Put Your Little Foot" and the "Schottische".

The honoree wore a lovely pink chiffon frock with full ruffled skirt, and tight bodice with ruffles forming the low décolletage.

Miss Lacy plans to enter the University of Texas, while her brothers will attend Texas A. and M. College. The guest list included the high school set and the following faculty members, chaperones and friends: Mr. and Mrs. J. G. Barry, Mr. and Mrs. M. L. McDowell, Mr. and Mrs. Tom Bridges, Mr. and Mrs. C. D. Sadler, Dr. and Mrs. Thos. B. Knopp, Mr. and Mrs. W. O. Rothe, Mr. and Mrs. R. L. Jennings, Mrs. Felix Richter, Misses Lucille Johnson, Helen Crawford, Helen Holcombe, Helen Jackson, Martha Leila Martin, Laurinda Rothe, Anne Davis, and Mary Elizabeth Meyer, and Messrs. Ira Walker, E. L. Rabb, Jack Welhausen, Bonnard Rothe, Edward Finger, Hugh Meyer, Henry Schuehle, Roland Nester, and Howard Plack, and Miss Margaret Wood, Spence and Prince Wood III, of Sabin.

PERSONAL APPEARANCE

The Animal Kingdom: A bull frog took up temporary headquarters in the heno stand at the Fireman's carnival Saturday night... the Commencement exercises on Barry Field Tuesday night had a jackrabbit for an interested onlooker... and Miss LUCILLE JOHNSON ran into a jitterbugging scorpion at the Lacy dance Monday night, and had her big toe pinched.

GEORGE CARLE believes J. G. BARRY felt awfully bad over the outcome of the baseball tournament as he rebuked him COLLECT \$1.30 worth from Dallas Friday and made him feel bad too.

With the Eubankes: HELEN HOLCOMBE dripped chocolate ice cream all down the front of her chiffon evening gown Monday night... H. W. KOLLMAN claims to be fond of Limburger... A. L. JANSZEN turns down pickles... BUSTER RATH wants a milk shake every day... and HOMER WILSON and AL HOLLMIG had terrific headaches following the Fireman's barbecue Thursday night and a lot of people are drawing their own conclusions.

SANDY MEYER, going on two years old, sings "Oh, Johnny, Oh, Johnny, how you can love" in such a way as to make her Daddy, JOHN H. MEYER, her grinning, beaming slave.

The graduation of LEON MANGOLD from Hondo High School ends that unusual combination of nephew-uncle of the past year. Uncle is JOHNNY SCHUEHLE JR.

All the guests at the Lacy dance Monday were struck by the "Gone With the Wind" resemblances in the effects the moonlight, soft lights, and ante-bellum dresses worn by the girls made of the big white pillared home... to say nothing of the old Southern hospitality of Mr. and Mrs. Lacy and their blue-eyed, dusky-haired daughter and their twin sons.

WOMAN'S MISSIONARY SOCIETY

The New Fountain Woman's Missionary Society met in the parsonage with Mrs. Wheeler on May 15th. Mrs. Fritz Stiegler was leader of the program for the afternoon.

After singing, "Lord, I want to be a Christian", a responsive was read. The Missionary topic, "Christian in Deed and in Truth—The Life Story of Mrs. Luke Johnson", was discussed by Mrs. Wheeler and Mrs. F. W. Bohmfalk.

The Meditation was given by Mrs. C. F. Schweers.

A reading was given by Mrs. Robt. Riff. After the program the meeting was turned over to Mrs. Riff.

It was decided to take a free will offering to help buy a refrigerator for our missionary in China.

It was also decided to send a box to the Texas Mission Home and Training School. All who wish to help, please bring your gifts to church, Sunday.

A delicious plate lunch was served to fourteen members.

ONE REMEMBERED DEATH.

While conflict hovers day and night Upon the face of Earth, The voice of God proclaims with might A dawning Easter's birth.

Although the world is bowed with strife, De conflict's smarting hand This holy day bestows new life To those who understand.

The ancient symbol of this day Is one remembered Death; Resonant in the hallowed ray Of martyred Jesus' Death.

Miss Verine Finger received low, and Mrs. Arthur Nester the cut prize. The hostess served sandwiches, cake, salad and iced tea to the above and the following players: Mesdames Robert Zuberbueler and James Finger, and Misses Gladys Rieber, Melvera Rothe, Lillian Fohn, Cornelia Koch, Tina Rothe and Stella Finger.

D'HANIS HIGH SCHOOL NEWS

SEVENTH GRADE GRADUATION.

The members of the Seventh Grade of D'Hanis Grammar School were presented in a one-act play and commencement exercises on Wednesday evening, May 15, in the school auditorium. The program included the class song, the class prophecy, a saxophone solo by O. J. Schmit, the salutatory and valedictory. The Rhythm Band also played a number. At the conclusion of the play, Superintendent Couser spoke to the class, encouraging them to continue their school work. He then presented seventh-grade certificates to the following: Charlotte Boog, Joyce Ernst, Jeneva Rieber, Kathleen Rohrbach, J. B. Langfeld, Calvin Reitzler, Elton Rudinger, O. J. Schmit, Paul Urrabazo, and Jerome Zinsmeyer. The two pupils making first and second rank in the class were Jeneva Rieber and Charlotte Boog.

GRAMMAR SCHOOL SPENDS DAY IN CITY.

On Thursday morning, May 16, Mrs. HEATH APPOINTED ASSESSOR-COLLECTOR

At a special session of the Commissioners' Court of Medina County, Saturday, May 18th, 1940, Mrs. Minnie Heath was duly appointed Tax Assessor and Collector of Medina County to succeed her late husband, Mr. L. E. Heath. She will fill the unexpired term which ends December 31st, 1940.

As soon as her bond is approved, Mrs. Heath will take the oath of office from the County Clerk or the Commissioners' Court. All the deputies will have to be re-appointed, furnish bond and take the oath of office under the appointee.

IT RAINED AGAIN

A rain variously estimated at from 1-1 1/4 inches to 1-1 1/2 inches fell here Wednesday night about eleven o'clock. The rain fell gently and much of it soaked into the ground, supplementing the moisture of previous showers that have fallen recently. There is now a good season in the ground and crops and pasture grass are thriving. Many farmers think a fair corn crop is now assured. Reports indicate that the rain was fairly general throughout the entire section.

ROYAL ARCH MASONS TO ELECT

There will be a regular meeting of Hondo Chapter No. 350, R. A. M., Monday night, May 27, 1940, at 8 P. M. for the annual election of officers and other business of importance to be transacted.

Your presence is requested.

H. E. HAASS, Secretary.

F. S. Gillham, Randall county farmer, has made more money on his feed and pasture crops with a small bunch of calves than from wheat, reports his county agent, W. H. Upchurch. Gillham's crops were planted broadcast, partly as cover to prevent soil blowing and partly to replant abandoned wheat land. According to Mr. Upchurch, Randall county farmers have followed such practice this year with the result that a good feed crop was harvested, and the soil stabilized with sorghum and sudan stubble.

D. H. S. GRADUATES SIX

The Commencement Exercises of D'Hanis High School took place at the High School Auditorium on day evening, May 17, when the members of the graduating class received their diplomas.

The program opened with a recessional, when the two girls, four boys of the class, attired in mortar-board caps and gowns, up the aisle and took their places on the stage, where the members of school board, Dr. W. W. Jackson and Superintendent Couser were ready seated.

The salutatory address was made by Calvin Bendele, and was followed by a chorus, "We're Marching Onward", sung by the D'Hanis Glee Club. Jonelle Nester gave the valedictory address.

Dr. W. W. Jackson, president of the University of San Antonio, the main speaker. Addressing words directly to the graduates outlined for them the marks of educated individual. To do this chose a number of folk rhymes to be interpreted in terms of practical educational philosophy.

Following the address, Mr. E. Reinhart, president of the board of education, presented diplomas to following graduates: Jonelle Nester, Gertrude Weyand, Calvin Bendele, George Hitzfeld, Homer Nester, Charles Saathoff. The valedictory and salutatory received other certificates and scholarships.

Superintendent Couser also presented awards to various other pupils. Medals for scholarship were sent to Stella Nester and L. Schmidt of the High School, Dorothy Jean Braden and J. D. Carter of the Grammar School. A number for three years of perfect attendance was awarded to Marnie Del Rio and certificates for perfect attendance during the past year went to Imogene Bendele, Kathleen Rohrbach, Jeneva Rieber and Inell Br. Barbara Boog received a medal for typing.

The recessional concluded commencement exercises.

ST. MAY 20.—The pip-
ette of petty state and lo-
cal politics this week was literal-
ly choked-out by the echoes of
bombing and crashing shells
from European battlefields, as citizens
heard President Roosevelt
for a billion dollars to build mil-
itary and naval defenses to prevent
another being swallowed up by
blood-hungry legions of the Ger-
man-dog, Hitler.

Throughout Texas, and every
State in the union, Americans
of shades of political belief gave
approval of the Presi-
dent's plea for defense funds and ac-
cepted as partisan politics was, by
agreement, laid aside until the
national situation becomes clar-
er. Notwithstanding the bitter op-
inion which exists everywhere to
of Roosevelt's policies, there
to be unanimous agreement
Americans that the Presi-
dent's conduct of foreign affairs has
been unflinching and reflects the spirit
of all Americans.

Congress Lends Aid

Congressional leaders gave quick
actions that they would move
to provide the money needed
for supplemental legislation as
needed to make its expenditure ef-
fective to protect this nation from
European maelstrom. Senator
Connally of Texas, patriot that
he moved immediately to push
the upper chamber laws to
ward the United States from the
"fifth column" activity which
paralyzed the neutral nations in-
duced by the Germans. Out of his ef-
fortlessness will come quickly
to control aliens who seek to
down this Government and to
the enemies by "boring from
within."

After the President's vivid speech,
which he pointed out that the two
no longer mean security to
with modern aircraft able to at-
tack American objectives within a
hours from half a dozen access-
points, the situation was brought
to Texas with tremendous im-
pact. A million Texas mothers and
sons envisioned their sons being
led to death in bloody trenches;
they visualized their homes and
children destroyed by aerial
attacks in unfortified Texas towns.

Clowns Out of Luck

These painful realities, the
barrage of little men, seeking
jobs, from Governor to con-
gress, simply failed to register. The
of the bass fiddle, the squawk
of the hill-billy crooner, leave the
cold. The maudlin, drooling
mentality about home and
the piddling quarrels over
the loud-mouthed declarations
devotion to the "hoary-headed
seemings"—all sound a little silly
in the background of bursting
and roaring artillery which
is deciding the fate of civiliza-
tion centuries to come.

The elections probably will be
the affairs this year. The folks
will make some changes—they
will do it without enthusiasm,
but hurrah and with a deadly
purpose in mind.

The politician who doesn't under-
stand how to do anything but clown,
"pour it on" somebody in a
warfare of words, may be des-
tined out of luck next July, no
matter whether he is running for
office or constable.

WINTER TREES.

As the patience of winter trees,

ening days and storm.
They have the vision that, divining,
death in life, but life that will
transform
the barren boughs with new-born
leaves, and bring
healing comfort of another
spring.

WASHINGTON
SNAPSHOTS . . .
by
James Preston

The opinions here expressed are
Mr. Preston's own and not neces-
sarily those of this paper.—M. E.

Despite laws specifically forbid-
ding it, federal officials and their
press agents merrily continue lobby-
ing for and against legislation.

Not in a single instance discerni-
ble so far have they sought either to
save the taxpayers money or to give
citizens relief from the rule of bu-
reaucracy.

Since Labor Board lobbying
against Wagner Act amendments
was disclosed by a special House in-
vestigating committee, the official
lobbyists have been more careful.
Their methods are more insidious
because they have found some new
tricks in the bag.

For instance, the House voted
against appropriating money for the
Labor Board's economic division
headed by David J. Saposs. The rea-
sons were that some legislators think
Saposs is Communisticly inclined,
and they feel also that the work
could be better done by other exist-
ing federal agencies.

But just before the Senate vote on
the Labor Board appropriation
Board press agents mimeographed
and gave to hundreds of newspaper-
men a many-paged letter from Sa-
poss denying that he is a Communist.

The Senate promptly voted to give
\$45,600 to Saposs and his economic
division.

—WSS—

A lot of fuss has been raised too
by efforts of federal agents to put a
new farm credit bill through Con-
gress. The purpose is to cut farm
mortgage interest rates to 3 per
cent. The trouble is that the gov-
ernment has to borrow the money to
lend to the farmers, and it can't get
that money at 3 per cent. So wheth-
er the farmers know it or not, lower
interest to them would mean more
taxes on them or on the people who
buy farm produce.

Nevertheless, the country has been
flooded with letters and pamphlets
urging that the proposal become law.

—WSS—

Another lobbyist campaign of a
still different kind is being used by
the United States Housing Authori-
ty. Congress last session refused to
appropriate \$800,000,000 for USHA.
So the press agents went to work.

Now, USHA at every conceivable
opportunity issues press releases
naming the cities and towns where
projects would be built if the money
were available. They point out that
"only \$46,000,000 remains available
for USHA projects".

The object, of course, is to get
people in these various towns and
cities to write to their Congressmen
demanding that they vote more money
for USHA so that Midvale, too,
may get some.

—WSS—

In each case—lower farm mort-
gage interest rates, housing appro-
priations, Labor Board funds—the
pressure was exerted on the side of
bigger federal appropriations and
bigger federal payrolls—things for
which the taxpayer will have to dig
deeper into his jeans.

—WSS—

A SLIGHT "TOUCH" OF TAXES

A little learned research by Dr.
Arthur P. McKinlay, professor of
languages at the University of Cali-
fornia, discloses the fact that the
word "tax"—with which we are all
so familiar—is derived from the
Latin slang term that means
"touch".

During the last 500 years of the
Roman Empire's existence, Dr. Mc-
Kinlay declares, the average Roman
citizen was "touched" pretty regu-
larly and pretty heavily. In fact, it
got to resemble more of a push than
a touch.

Americans can easily sympathize
with the attitude of poor Junius Q.
Publicus back in the old days. Gov-
ernment "touching" is going on at a
great rate in this country at the
present time, and the Tax Policy
League has just come up with some
more disheartening figures.

Last year, the League points out,
taxes collected by all units of gov-
ernment in the United States raked
up 20.1 per cent of all the national
income produced, which was about
5 per cent more than in 1930. Ex-
cluding payroll taxes, here were
some of the largest levies going to
make up the grand total: 35.6 per
cent of the total on property, 20.6
per cent on incomes, and 8.3 per cent
on gasoline. In one way or another,
we were all "touched".

Maybe the figures are boring, but
paying your increasing share of the
bill is even more so.

And we suggest a new motto for
governments afflicted with loose
fiscal habits—a motto to read some-
thing like this:

"Friends, Romans, taxpayers—
hand us your dough!"

RURAL ELECTRIFICATION PROG-
RESS.

(From Talk by Secretary of Agri-
culture Henry A. Wallace on April
20, 1940, and printed here on re-
quest.)

It was in June of 1935 that Con-
gress took decisive action to end the
situation in which most farm homes
were denied the conveniences that
were already accepted necessities in
the city. In nine farm homes in every
ten, farm women still toiled at dawn-
to-dusk drudgeries, and the same
progressive farmer who was first to
adapt new methods and equipment to
his work in the field still had to live
by oil lamp in his home.

President Roosevelt, Congressmen
and farmers turned foresight and vi-
sion into a program that would
prompt new vigor in a hundred
crafts and trades—into a program
that would build permanent benefits
for the men and women and child-
ren on America's farms.

They worked to establish the Ru-
ral Electrification Administration,
dedicated to the job of taking elec-
tric service to the unserved farm
homes of America.

Cooperative electric service grew
rapidly. The private utilities mean-
while vastly expanded their rural
service. The result is that today we
have one farmer in four, instead of
only one in ten, hooked up with high
line electricity.

Our work is far from ended. Three-
quarters of our farms are still with-
out electric service. That fact
stands as a challenge to every work-
er in the Department of Agriculture
and in the REA which is now an in-
tegral unit in the Department, to
every progressive farmer, and to
every private utility system.

For electricity some day must
come to every farm that can be
served economically, so that every
farmer can use it wisely and effec-
tively for the betterment of his work
and life.

The Rural Electrification Adminis-
tration, under the dynamic guidance
of Harry Slattery, one of the most
experienced, keen and respected men
in public service today, will prompt
and foster the continued develop-
ment of rural electric distribution
systems, engineered and managed
for the benefit of the farm family.
And I have reason to believe that the
cooperative method will prove itself
the best method for doing the job—
best from the standpoint of manage-
ment and service economy—best
from the standpoint of insuring the
widest possible expansion of service
—best in terms of farm economy and
social advancement for the farm
family.

Old methods, some of them costly
and inefficient, are giving way to
new methods, made possible at last
where electricity at low cost is now
available—in the dairy shed and the
poultry house—in the barn and in
the farm workshop—and out around
the farm where small portable elec-
tric motors lift the labor-load on a
dozen special tasks.

And in the farm home the women
of rural America match the electri-
fied progress of the farmer himself
—their is the peaceful revolution of
the farm kitchen, theirs the new op-
portunity to build a healthier, hap-
pier life for themselves, for their
families and for the future. The
electric refrigerator, the electric
range and running water, hot or cold,
so long and so completely a part of
every-day living in our cities, are
the tools and symbols of a new way
of life on the farm.

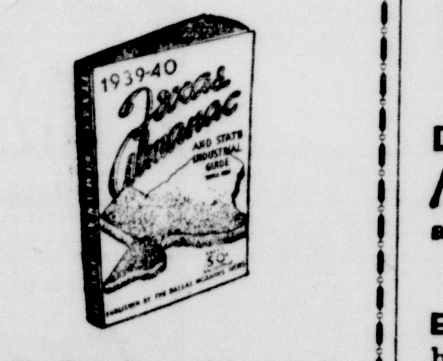

And in that fact is a challenge
which I want to leave with the
thoughtful men and women of agri-
culture who may hear me today. If
the highlines have still to come your
way, yours is the job to think and
plan for their coming.

If you already enjoy the benefits of
electric service in your farm home,
think carefully on its uses. Wisely
and effectively applied, it will lift
the level of your living and build
your income as well.

Congress provided for a rural
electrification program that would
return to the taxpayers of the nation
the money used to build the govern-
ment-financed rural power lines.
Within that limitation it is the pur-
pose of the REA to take low-cost
electric power to every farmer who
can use electricity economically and
effectively to build a better present
and a finer future for his family and
for American agriculture.

If you have something about your

fied advertising. It costs so little
you can't lose much.

KEEP SERVING

"It's whistle and hoe, and sing as
you go,"
So runs the adage, as most of us
know;

But, oh, when the brooks and the
meadows call loud,
And eyes dully serving to furrows
are bowed,

Then straighten your back, and poke
out your chin,
And don't you let any old devil
come in!

If weeds aren't all routed, the corn
will not grow;
So stick to your hoeing and finish
the row.

Ev'ning will bring its sweet freedom
and rest,
And strength for the morrow—
and service is best.

—L. G. G. in Christian Science
Monitor.

DAWN SONG.

How sweet and green my pasture lies
today,
With cows just moving out along the
fence

And wild geese rising swiftly from
the creek
Which cuts it thru. Beyond is earth
turned back

For corn and wheat, and next a
greening wood.
My hope is here, deep in the furrow-
ed lane,

In heavy udder's drop . . . as wild as
geese
And stronger for than any oakwood
growing.

I am a part of this eternal growth,
This constant rise of hope against
defeat;
Here have I won the right to choose
each hour

To what that hour belongs, to march
upright,
To give and never beg. Here am I
one

With Him who ordained life; here
am I free.

WESTERN AUTO'S 1940 BIG BLACK BASS CONTEST

Which Texas fisherman will enter the biggest black bass in the Western Auto's fourth annual, nation-wide "Big Bass Fishing Contest"? Which lucky "Izaak Walton" are going to walk off with this state's five major prizes of fishing tackle at the end of the 1940 season?

These are the questions that are being asked by local fishermen as they make ready their tackle for a try at the awards in the \$4,500.00 fishing contest, sponsored by the local Western Auto Associate Store in co-operation with 1,500 other Western Auto Stores in 38 states east of Colorado.

The contest which began on May 15 (subject to state fishing laws) is free, and open, without obligation, to any fisherman in this state—man, woman, boy or girl. Since each of the 38 states will have its own set of awards, all Texas entries will be competing only with other fish caught in this state so that the contest will be between fish of comparable size.

At the close of the contest on September 30, five valuable tackle awards will be made to the fishermen registering the five largest black bass caught in this state. Similar prize awards will be made in all participating states—190 awards in all for the nation's fishermen.

The prizes for each state will be made up of selected, high-grade, nationally-known, assorted fishing tackle. First prize will consist of tackle with a list price valuation of \$40.00; second prize, \$30.00; third, \$25.00; fourth, \$15.00; and fifth, \$12.00. In addition a special sportsman's trophy cup will be presented to the fisherman in each state who enters the largest small-mouth bass, whether the fish is a regular prize winner or not.

Free entry blanks with instructions are available at any Western Auto Store or Western Auto Associate Store.

The "Big Bass" contest is promoted each year by the Western Auto Supply Company to increase public interest in the sport of fishing and to add to the sport the spirit of widespread, friendly competition. In the 1939 contest it was interesting to note that bass of all sizes were reported in the distribution of prizes—"whooper" (first prize winner in Florida) to a 2-pound, 4-ounce winner in Illinois.

All fish registered in the contest must be taken from waters open to the public—either lake or stream—free lakes included.

DEWEY SPEAKS IN TEXAS MAY 27.

His talk will be sponsored by the Executive Committee of the Texas State Republican Central Committee and will be delivered on the eve of the opening of the Texas State Republican Convention.

The Mutual Broadcasting System will carry the speech over its full national network. In Texas the speech will be heard from 8:30 to 9:00, Central Standard Time, over station WRR.

THE ANSWER TO REDUCED ACREAGE

By T. C. Richardson, Associate Editor FARM AND RANCH

A good many cotton growers are making about as much cotton on a smaller acreage as they made before the government program compelled acreage reduction. Higher acreage yields mean lower costs per pound, which enhances the chances for profit, whatever the price may be. The Old South is getting better yields by fertilization, both by turning under green manure crops, and the use of commercial fertilizer. The same methods are practical for a large part of the Southwest, but are not adapted to the western cotton belt. Texas and Oklahoma, particularly, and Arkansas and Louisiana to a degree, are penalized in the AAA allotments on account of past low yields. Until the law and its administrative rulings are re-written, the only offset the Southwestern cotton grower can make to the low allotments, is to increase his acre yields by every means within economic reason.

There is one factor of lowered yields which most of the cotton south has in common—the insect problem. The Southwest has not paid as much attention to bugs as has the Old South, resting on the assumption that climatic conditions here make insects a minor problem. The "rain belt" cotton farmers, on the other hand, knew that insects had to be controlled and the better ones adopted pest control as a regular program, along with weed control and fertilization. The result is that the Southwest is now losing more cotton to insects than is the Old South.

It goes without saying that the practical cotton grower does not plant a crop and leave it to be taken by weeds. Why, then, should we stop short of doing all the economically sound things that will raise the yield? Why treat the insect problem as an "act of God" and do nothing, while we plow, hoe and sweat to bring the crop along to harvest? Weeds are also providential—that is they are a natural growth which we do not leave to nature or Providence. It is doing only half a job to prepare the ground, plant good seed, and cultivate, without also keeping down insect losses.

Fortunately we seldom have all the insects in one season, else we would have been out of the cotton business. Fortunately also, insect losses are not serious in every season. But seasons unfavorable to the crop itself, and its potential yields are lowered by factors beyond our control. Dry seasons are also unfavorable to weeds, but we don't stop plowing on that account. In such seasons of low potential yields, it is that much more important to save all the yield possible. Cutting insect losses is one way.

Whipping the insects, like controlling weeds, is a question of being prepared and "beating them to the gun". Insects are harder to see than weeds, but cotton growers either know or can easily learn how to identify them, gauge the degree of infestation, and do the right thing at the right time in the right way. It is no more complicated than setting a planter or a cultivator to do the right kind of work, and is just as important in producing a good crop of cotton.

Under the AAA the Southwest has lost a part of its former advantage in cotton production by spreading acreage over large areas with low production. The obvious answer is to produce as much cotton as possible from the acres left, and turn the livestock to consume the crops on the farm. If the government program is to continue, the Southwest must raise its base yields. If the government program is abandoned some time in the future, the growers who make good yields will still have the advantage.

If the government program is abandoned some time in the future, the growers who make good yields will still have the advantage.

Last year the Southwest generally speaking had fewer cotton insects than the average season in this region yet those who poisoned for flea hoppers and boll weevil report that their increased returns much more than paid the cost of insect control. In a "bad" insect year the difference is much greater in favor of insect control.

The "how" and "when" of cotton insect control will be discussed in other articles in this paper. In the meantime the county agent will be glad to give information on the subject both by word of mouth and through bulletins.

The local newspaper is a part of the business and social life of a community. The interests of the people are necessarily its interest, for its workers and owners are part of the people. What affects the community affects the newspaper. It is willing to back a good fight, or fight a good fight if the principles are right.

Country newspapers over the nation are staging a comeback. During the depression they were hard hit. Once the readers are settling down and taking an interest in home-life rather than watching the desperate national situation with fear and helplessness.

Hope has grown in a stable economic condition and the thoughts of the nation are beginning to turn to the future rather than hate for the present.

The Nordheim View.

A state exchange, speculating on next summer's gubernatorial campaign in Texas, thinks the race will be between the present incumbent, W. Lee O'Daniel, and Railroad Commissioner, Ernest Thompson, and observes: "The chief issue would be: 'Shall we have a sales tax or a high natural resource tax?' One can't help but speculate on what effect a third entry might have on the race by entering it with the slogan: 'No new taxes of any kind; abolish government jobs and their needless costs instead!'"
